PHARMACY BENEFIT MANAGEMENT (PBM) CONSENT FORM

(E)LECTRONIC-PRESCRIBING

E-Prescribing - is defined as a physician's ability to electronically send an accurate, error free, and understandable prescription directly to a pharmacy. Congress has determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care.

Medication History Transactions – Provides the physician with information about medications that the patient is already taking prescribed by any provider, to minimize the number of adverse drug events.
